ACIPC workshops to your colleagues?	the venue, including catering
Open-Ended Response	Open-Ended Response
Yes	The food was AMAZING!
yes	very good
Yes	
YES	Both good
yes I believe so	was lovely spot
lyes i believe so	Excellent all round. Unfortunate about the
	webnair issues, but thats always difficult to
	control
Yes, definately	N/A
Yes	Excellent
	Fundlish
yes	Excellent
definetly	Was all good
demeny	vvas ali godd
	This is an excellent venue, food is always very
Absolutely	good
Yes	Venue and catering was very good.
Yes	
	Catering was excellent. Venue very pleasant,
	only draw back was position of podium infront of
	projection screen. Some niggly IT issues -
Absolutley.	though quickly fixed.
	Venue was comfortable, audiovisual was a bit
	erratic, catering was excellent (great range of
Definitely.	lunch wraps and sandwiches).
yes, absolutely	great venue, excellent food
lua a	great venue,easy parking,comfortable
yes	room,catering excellent
	Catering was amazing - best I've had in a while!
Yes for sure!	Venue was good too.
Yes	3
yes	Great venue, great food, no complaints
Yes	
Yes	
yes	Excellent although the room was a little cold

Definitely. Great format of practical and useful	Thank you for organising the workshap Vanua
topics presented by IPCs for IPCs who are	Thank you for organising the workshop. Venue
working in the area	and catering were good
	Venue was cold AV challenges interrupted
Yes	presentations which was a shame
	good no complaints - good to have a round table
yes	to sit at
	Venue was lovely, food great. Plenty of parking
Yes	a bonus.
	Catering was very good On the day it was very
	cold in the outside quad area for the trade,
Yes	despite the sunshine

the industry partners that were present on the day own would like to see included in future workshops? Open-Ended Response Guest speekers were great. I enjoyed the interactive approach on aseptic technique. good range very informative, love the freibies:) Engaging and informative N/A Engaging and informative Well informed helpful Rubbermaid products interesting Was great to meet some reps and see some products I did not know were available The ACIPC workshops are always a highlight of the educational calendar Friendly, Informative, and wanting to help. Friendly, Informative, and wanting to help. Not been to an ACIPC conference before so very pleasant to see other trades more relevant to infection control. Will be looking at trialling ABHR as a result. Well were good Other than I felt for them in the cold -) It was great to have them there. Good to review the products they have. The ACIPC workshops are always a highlight of the educational calendar Staff training on a broader level for infection control Audits I found the speakers very informative, answered questions asked of them. Topics were relevant. Sterilisation Not been to an ACIPC conference before so very pleasant to see other trades more relevant to infection control. Will be looking at trialling the different cleaning wipes and? changing ABHR as a result. Really enjoyed talking to the reps, good braod spectrum Would have liked to hear more on VRE and CRE. I know other states are no longer screening for VRE in the satelite units as they have proven standard precuations are stringent enough to prevent spread within the unit. More AMS as this is ongoing, Ongoing surveillance updates are also useful, Environmental cleaning, Engaging consumers in our planning/service, New ideas for Hand Hygiene compliance. All were good Environmental cleaning More on ANTT and Environmental cle
