

Foundations of Infection Prevention and Control INTERNATIONAL

AFTER SUCCESSFULLY COMPLETING THIS COURSE STUDENTS WILL BE ABLE TO:

- ✓ Comprehensively understand the role of the infection prevention and control practitioner and apply this learning in their setting;
- ✓ Understand the application of clinical indicators to IPC practice and apply this knowledge through audit and surveillance activities.
- ✓ Develop and design an infection prevention and control program and a site-specific infection management plan relevant to their setting using a clinical governance framework;
- ✓ Understand the rationale for and apply standard and transmission-based precautions in their setting;
- ✓ Evaluate, review and develop site-specific tools and strategies to aid compliance with evidence-based infection control practice, policies, and guidelines;
- ✓ Critique and apply site-appropriate strategies to support clinician-driven change in organisational behaviour;
- ✓ Initiate and communicate effectively within the interdisciplinary team in the management of infection prevention and control

COST: \$1300 AUD
