Surveillance in Aged Care

ACIPC

Australasian College
for Infection Prevention and Control

ACIPC acknowledges Aboriginal and Torres Strait Island people as the traditional owners of country throughout Australia and ngā iwi Māori as the people of the land of Aotearoa and respects their continuing connection to culture, land, waterways, community, and family.

From highest to lowest (1 being the greatest and 7 being the least), rank what surveillance is most frequently undertaken (and followed up) in your facility.

① Start presenting to display the poll results on this slide.

Guest Speaker Kelly Barton

Kelly Barton is an Infection Control Consultant with 13 years' experience in the role at Alpine Health in Northeast Victoria. Kelly recently completed her Masters in Infection Control at Griffith University in 2022. She is passionate about One Health, Aged Care and AMS. She recently went to Cambodia with the charity Supporting Silk Sisters to help a rural referral hospital with their first ever accreditation preparations.

Next webinar:

Wednesday 16 October 2024

Tips and tricks to managing IPC in environmental services – cleaning, laundry, waste, catering

This session pulls apart all aspects of environmental services, and examines what IPC looks like in these speciality areas. What resources can support the services and help overseeing managers be in the know? The floor is open for comments, input and sharing ideas and concerns.

Thank You

ACIPC
Australasian College
