

Foundations of IPC to Primary Credentialling Roadmap

Foundations course and less than
12 months ICP experience

(experience does not need to be primary role
and can be an element of IPAC)

Foundations course and more than
12 months ICP experience

(experience does not need to be primary role
and can be an element of IPAC)

Current Foundation of Infection Prevention & Control (FIPC)
Course requirements:

- Completion of course work (11 Modules -self-paced, interactive and presented online via an e-learning platform)
- Completion of one or two assessment tasks per Module (either a short quiz and/or a discussion of a key question)
- Submission of a 3000 word essay (Critical evaluation of an IPC practice, procedure or policy)

Any PaCs specific steps to meet eligibility
